INSTRUCTIONS

- 1. Select your items!** If you'd like both group and individual photos, packages are usually the most cost effective option. You may also mix and match items from the à la carte section, or add novelty products to a package until you have exactly what you want.
- 2. Fill out the form** on the reverse with your information and mark the item(s) you'd like to order. If you are getting any personalized items (highlighted in blue) please also complete the blue personalization information section(s).
- 3. Enclose a check (made out to DSP), cash, or credit/debit information** in the envelope for payment. If parents are present on photo day they may have the option to swipe a credit or debit card at the registration table.
- 4. Turn completed order forms in to DSP staff before being photographed** to make sure we have everything needed to fulfill your order. Forms left in backpacks or lockers often don't reach us, so please remind students to bring them to their photo session!
- 5. Delivery:** Photos will be returned to coaches or group leaders when ready. Please contact us with any questions!
